Police Station Presentation & Safety Concerns

Beth and Will reviewed plans for the new police stations with the PSAB members.

The group received an overview of the proposed police station project, including general space planning, projected growth capacity, and anticipated future needs. Members discussed current limitations in the existing facility, as well as considerations related to design efficiency, cost impacts, and long-term functionality. Questions were raised regarding potential redesign options, timelines, budget implications, and legal or operational considerations.

The meeting concluded with a general consensus among remaining members that the project is necessary and will provide long-term benefit to the community.

Adjourn

Quorum lost at 4:15. No motion made to adjourn meeting.
